

INDUSTRY

Total Industry demand of the IESS 2047 industry demand sector is the function of 3 choices:

1. Energy Efficiency improvements in Industry: select a level (1-4) for Energy Efficiency penetration across various industries.

Energy intensity of industry ? 1 2 3 4

2. Fuel Switching in Iron and Steel Industry: select a level (A-E) for Specific Energy Consumption (SEC) reduction due to selected technology choice in Iron and Steel industry.

Energy intensity of industry ? 1 2 3 4

3. Fuel Switching in Cement Industry: select a level (A-D) for Energy Specific Energy Consumption (SEC) reduction due to selected technology choice in Cement industry.

Energy intensity of industry ? 1 2 3 4
